

How well do you know the world?

- 1 Fill in the names of the continents and oceans.
- 2 Name the countries marked A to M.
- 3 Name the cities numbered from 1 to 15.
- 4 Name the mountain ranges marked N to Q.
- 5 Name the deserts at R and S.
- 6 Name the lakes or seas marked T to W.
- 7 Name the rivers or waterways numbered from 16 to 25.

You can fill the information in on a large copy of the world map (your teacher will supply this), or you can list the answers in your note book.
