# Seasons and weather / Seisoene en die weer

There are four seasons in a year: spring, summer, autumn and winter. When we talk about the weather, we can use the words below to describe what it feels like outside. It may be hot and sunny in summer, or cold and rainy in winter.

Daar is vier seisoene in 'n jaar: lente, somer, herfs en winter. As ons oor die weer praat, gebruik ons die woorde hier onder om te beskryf hoe dit buite voel. Dit kan dalk warm en sonnig in die somer wees, of koud en reënerig in die winter.

## Seasons / Seisoene

In the **spring** trees bud and flowers bloom.  
*In die **lente** bot die bome en blom die blomplante.*

In **summer** we play outside in the sunshine.  
*In die **somer** speel ons buite in die sonskyn.*

In **autumn** many trees shed their leaves.  
*In die **herfs** verloor baie bome hulle blare.*

In **winter** we wear warm clothes like scarves.  
*In die **winter** dra ons warm klere soos serpe.*
